What is coinsurance?

Coinsurance is a portion or part of the total cost, typically as a percentage. With this plan, you pay part of the cost of Tier 3, Tier 4 and Tier 5 drugs. For example, if your coinsurance is 25% and the total cost of your prescription is $100, you would pay $25. The plan pays the rest. You pay the full cost of your drugs until you meet the deductible, then you'll start paying the coinsurance amount.

Prescription drug payment stages			
Deductible	There is no deductible for drugs in Tier 1 and 2. Your coverage for these drugs starts in the Initial Coverage stage. There is a $700 deductible for drugs in Tier 3, 4 and 5. You pay the full cost for your drugs in these tiers until you reach the deductible amount. Then you move to the Initial Coverage stage.		
Initial Coverage	In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you, and others on your behalf, have paid a combined total of $2,400, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage.		
Tier drug coverage	**Retail**		**Mail Order**

Tier 5: Specialty Tier[5]	25% coinsurance	N/A	N/A
Catastrophic Coverage	Once you're in this stage, you won't pay anything for your Medicare-covered Part D drugs for the rest of the plan year.		

^Members living in long-term care facilities pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

[4]You pay no more than 25% of the total drug cost or a $35 copay, whichever is lower, for each 1-month supply of Part D covered insulin drugs, even if you haven't paid your deductible, until you reach the Catastrophic Coverage stage where you pay $0.

Plan deductible

Your plan has a deductible for certain services. The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. The Evidence of Coverage (EOC) provides a complete list of services we cover.

The deductible applies to the following Medicare-covered benefit categories, unless otherwise specified.

Annual medical deductible

Your deductible is the 2027 Original Medicare Part B deductible amount for covered medical services you receive from providers as described below. The 2026 Medicare deductible amount is $283. The 2027 amount will be set by CMS in the fall of 2026. Our plan will provide updated rates as soon as they are released. Until you have paid the deductible amount, you must pay the full cost of your covered medical services.

Here's how it works:

1. You pay your plan's deductible in full; then,
2. You pay your copay or coinsurance; finally,
3. Your plan pays the rest.

The deductible applies in and out-of-network to the following Medicare-covered benefit categories, unless otherwise specified:
