B. Frequently asked questions (FAQ)

The following table lists frequently asked questions.

Frequently Asked Questions	Answers
What's a Medicare Platino?	Medicare Platino is a supplementary coverage to this Medicare Advantage Plan contracted by the Puerto Rico Insurance Administration (ASES in Spanish), which covers benefits and services that Medicare doesn't cover. Beneficiaries who have both Part A and Part B of Medicare and are certified as eligible for Medicaid qualify for the benefits and services of Medicare Platino.
Will I get the same Medicare and Medicaid benefits in Platino Uno that I get now?	You'll get most of your covered Medicare and Medicaid benefits directly from Platino Uno. You'll work with a team of providers who will help determine what services will best meet your needs. This means that some of the services you get now may change based on your needs, and your doctor and care team assessment. When you enroll in Platino Uno, you and your care team will work together to develop an Individualized Plan of Care to address your health and support needs, reflecting your personal preferences and goals. If you're taking any Medicare Part D drugs that Platino Uno doesn't normally cover, you can get a temporary supply, and we'll help you to transition to another drug or get an exception for Platino Uno to cover your drug if medically necessary. For more information, call Member Services at the numbers listed at the bottom of this page.

Frequently Asked Questions	Answers
Can I use the same doctors I use now?	This is often the case. If your providers (including doctors, hospitals, therapists, pharmacies, and other health care providers) work with Platino Uno and have a contract with us, you can keep going to them. • Providers with an agreement with us are "in-network." Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. **You must use the providers in Platino Uno's network.** If you use providers or pharmacies that aren't in our network, the plan may not pay for these services or drugs. • If you need urgent or emergency care or out-of-area dialysis services, you can use providers outside of Platino Uno's plan. • If you're currently under treatment with a provider that's out of Platino Uno's network or have an established relationship with a provider that's out of Platino Uno's network, call Member Services to check about staying connected. If you can't stay connected with your provider, you can choose to change to another plan in which your provider is contracted. To find out if your providers are in the plan's network, call Member Services at the numbers listed at the bottom of this page or read Platino Uno's Provider and Pharmacy Directory on the plan's website at www.sssadvantage.com. If Platino Uno is new for you, we'll work with you to develop Individualized Plan of Care to address your needs.

Frequently Asked Questions	Answers
What's a Platino Uno care coordinator?	A Platino Uno care coordinator is one main person for you to contact. This person helps to manage all your providers and services and makes sure you get what you need.
What are Long-term Services and Supports (LTSS)?	Long-term Services and Supports are help for people who need assistance to do everyday tasks like bathing, toileting, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. In some cases, a county or other agency may administer these services, and your care coordinator or care team will work with that agency. Call the Family Orientation and Support Line (LOAF in Spanish) of the Department of Family Affairs at 1-787-977-8022 and 1-888-359-7777 for more information. The availability of these programs will be subject to eligibility criteria and availability of funds.
What happens if I need a service but no one in Platino Uno's network can provide it?	Most services will be provided by our network providers. If you need a service that can't be provided within our network, Platino Uno will pay for the cost of an out-of-network provider.
Where's Platino Uno available?	The service area for this plan includes: Aguas Buenas, Bayamon, Caguas, Carolina, Guaynabo, Naranjito, San Juan, Toa Alta, Toa Baja and Trujillo Alto, Puerto Rico. You must live in this area to join the plan.
What's prior authorization? (continued on the next page)	Prior authorization means an approval from Platino Uno to seek services outside of our network or to get services not routinely covered by our network **before** you get the services. Platino Uno may not cover the service, procedure, item, or drug if you don't get prior authorization. **If you need urgent or emergency care or out-of-area dialysis services, you don't need to get prior authorization first**. Platino Uno can provide you or your provider with a list of services or procedures that require you to get prior authorization from Platino Uno before the service is provided.

Frequently Asked Questions	Answers
What's prior authorization? (continued from previous page)	Refer to **Chapter 3**, of the *Evidence of Coverage* to learn more about prior authorization. Refer to the Benefits Chart in **Chapter 4** of the *Evidence of Coverage* to learn which services require a prior authorization. If you have questions about whether prior authorization is required for specific services, procedures, items, or drugs, call Member Services at the numbers listed at the bottom of this page for help.
Do I pay a monthly amount (also called a premium) under Platino Uno?	No. Because you have Medical Assistance (Medicaid), you won't pay any monthly premiums for your health coverage. However, you must continue to pay your Medicare Part B premium.
Do I pay a deductible as a member of Platino Uno?	No. You don't pay deductibles in Platino Uno.
What's the maximum out-of-pocket amount that I'll pay for medical services as a member of Platino Uno?	There's no cost-sharing for medical services in Platino Uno, so your annual out-of-pocket costs will be $0.
Do I have a Medicare Part B premium reduction under Platino Uno?	Yes. With Platino Uno, you have a reduction in your Medicare Part B premium of $140 per month.
