Pre-enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service representative toll free at 1-855-579-7658 (TTY 711).

Understanding the benefits

- [ ] The *Evidence of Coverage* (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit bluecrossmn.com/Medicare-Documents to view or call toll free at 1-855-579-7658 (TTY 711) to request a copy of the EOC.
- [ ] Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- [ ] Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- [ ] Review the formulary to make sure your drugs are covered.

Understanding important rules

- [ ] In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- [ ] Benefits, premiums and/or copayments/coinsurance may change on January 1, 2028.
- [ ] Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you may pay a higher portion of the cost for services received from non-contracted providers. Non-contracted providers are not required to submit claims directly to Blue Cross. You may need to pay for services and file a claim with Blue Cross for reimbursement.
- [ ] Effect on current coverage: If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have TRICARE, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact TRICARE for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.

Frequently asked questions

This booklet gives you a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the *Evidence of Coverage* or visit bluecrossmn.com/Medicare-Documents to find a copy.

Who can enroll?

You can enroll in Medicare Advantage (PPO) if you are enrolled in Medicare Part A and Medicare Part B and live in the plan availability area, which includes Hennepin County. Counties are subject to change annually.

What is Medicare Advantage?

Medicare Advantage plans are private Medicare health plans. They have a yearly limit on your out- of-pocket costs, and once you reach this limit, you'll pay nothing for covered services. Some Medicare Advantage plans combine medical and prescription drug coverage.

To see a complete list of your services and benefits, please review the *Evidence of Coverage* (EOC).

How do I find an in-network doctor or hospital?

You can see or order the plan's provider directory at bluecrossmn.com/Medicare-Documents. You can also search online at bluecrossmn.com/MedicareFAD and selecting the Medicare High Value network.

How can I find a list of covered drugs?

Medicare Advantage is a combined medical and prescription drug plan. You can see the complete *Formulary* (list of Part D prescription drugs) and any restrictions at bluecrossmn.com/Drugs under Blue Cross Medicare Advantage (PPO) Essential.

How much will I need to pay for prescription drugs?

The amount you pay depends on what tier the drug is in and what benefit stage you have reached. Your costs for each drug tier and benefit stage are shown in the benefit chart previously in this summary.

When using in-network pharmacies you will typically see lower prices than using out-of-network pharmacies for covered Part D drugs.

You can also save costs when you choose 90-day supplies from certain pharmacies and mail-order pharmacies.

You can find the most updated list of pharmacies in your area at bluecrossmn.com/Pharmacy under Blue Cross Medicare Advantage (PPO) Essential.

What are the drug benefit stages?

As you spend up to certain dollar amounts on your covered prescription drugs, you will move into different benefit stages.

Stage 1: Meet your deductible This is the amount you must pay each year for prescriptions before the plan will begin to pay its share of your covered drugs.

Stage 2: Initial coverage Once you've met your deductible, you'll pay a copay or coinsurance until the amount spent by you and your plan on your covered drugs reaches the initial coverage limit set by Medicare for that year.

Stage 3: Catastrophic coverage Once you enter the catastrophic coverage stage, you will not have any cost share for the rest of the year.

Find plan documents online including the EOC, Provider Directory, and Pharmacy Directory at bluecrossmn.com/Medicare-Documents, by logging in to your online member account at bluecrossmn.com/AccountLogin, or call us to request a copy.
