What is coinsurance?

Coinsurance is a portion or part of the total cost, typically as a percentage. With this plan, you pay part of the cost of Tier 3, Tier 4 and Tier 5 drugs. For example, if your coinsurance is 25% and the total cost of your prescription is $100, you would pay $25. The plan pays the rest. You pay the full cost of your drugs until you meet the deductible, then you'll start paying the coinsurance amount.

Prescription drug payment stages				
Deductible	There is no deductible for drugs in Tier 1 and 2. Your coverage for these drugs starts in the Initial Coverage stage. There is a $685 deductible for drugs in Tier 3, 4 and 5. You pay the full cost for your drugs in these tiers until you reach the deductible amount. Then you move to the Initial Coverage stage.			
Initial Coverage	In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you, and others on your behalf, have paid a combined total of $2,400, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage.

The deductible applies to the following Medicare-covered benefit categories, unless otherwise specified.

Annual medical deductible

Your deductible is $1,000 per year for covered medical services you receive from providers as described below. Until you have paid the deductible amount, you must pay the full cost of your covered medical services.

Here's how it works:

Use network providers and pharmacies

AARP® Medicare Advantage from UHC FL-0031 (Regional PPO) has a network of doctors, hospitals, pharmacies and other providers. With this plan, you have the freedom to enjoy access to care at in-network costs when you visit any provider participating in the UnitedHealthcare® Medicare National Network (exclusions may apply). Plus, you have the flexibility to visit any provider nationwide who accepts Medicare. You may pay a higher copay or coinsurance when you see an out-of-network provider. When looking at the charts above you'll see the cost differences for network vs. out-of-network care and services. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **AARPMedicarePlans.com** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.
